

# DEUTSCH DRC CONNECTORS

Deutsch DRC series bulkhead connectors.

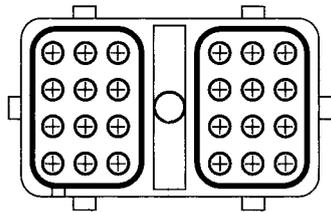

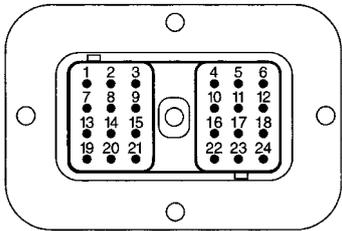

Commonly used on heavy vehicles and machines. Larger shell size for greater circuit densities.

- Available in 3 key types
- 1500VAC rated
- -55°C to 125°C rated
- Submersible to 3'
- Vibration tested to 20g's
- Shock tested to 50g's
- Corrosion resistance per MIL-STD 1344

**27035**

Terminal removal tool.  
Use with terminal  
27030 and 27031

**DRC24-BT**

Soft boot suit 24pin DRC  
plug housings

**DRC40-BT**

Soft boot suit 40pin DRC  
plug housings

**27045**

Terminal removal tool.  
Use with terminal  
27040 and 27041

**DRC12-24PA**

24 circuit flange mount  
panel socket. 'A' key.  
Terminals: 27031  
or 27041

**DRC16-24SA**

24 circuit line plug.  
'A' key.  
Terminals: 27030  
or 27040

**DRC70-BT**

Soft boot suit 70pin DRC  
plug housings

**DRC12-40PA**

40 circuit flange mount  
panel socket. 'A' key.  
Terminals: 27031  
or 27041

**DRC16-40SA**

40 circuit line plug.  
'A' key.  
Terminals: 27030  
or 27040

**27046**

Cavity plug suit DRC  
housings. White.  
Used to seal unused  
terminal cavities.

## OPTIONS

- Other keying options
- Flange gaskets
- 50 circuit OEM versions
- Gold plated terminals

**DRC12-40PB**

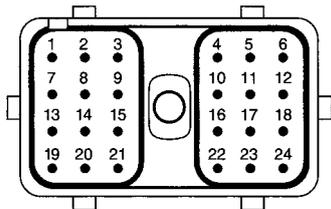

40 circuit flange mount  
panel socket. 'B' key.  
Terminals: 27031  
or 27041

**DRC16-70SA**

70 circuit line plug.  
'A' key.  
Terminals: 27030  
or 27040

**DRC12-70PA**

70 circuit flange mount  
panel socket. 'A' key.  
Terminals: 27031  
or 27041

**DRC14-24PA**

24 circuit line socket.  
'A' key.  
Terminals: 27031  
or 27041

**27004**

Generic crimp tool.  
Use with terminals  
27030, 27031,  
27040, 27041

## SPARE PARTS

- Face seals
