

# SUPERSEAL CONNECTORS

Superseal series is a general purpose sealed automotive connector. Commonly used with sensors, oil pressure senders, water temperature monitors, LED lighting etc. Preassembled secondary lock ensures correct terminal insertion and seal retention..

**Superseal Specifications:** ● Cable Range: 0.5 to 1mm<sup>2</sup> / 2-3mm Auto ● Current Range: 0-14A ● Temperature Range: -40°C to +125°C  
● Resistance: 3milliOhm@10mA ● Watertight to IEC529 / IP67 when assembled correctly

Female 1 circuit  
connector kit

**28702**

Female 2 circuit  
connector kit

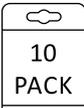

**28703**

Female 3 circuit  
connector kit

**28714**

Male 4 circuit  
connector kit

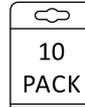

**28701/10**

Female 1 circuit  
housing only

**28702/10**

Female 2 circuit  
housing only

**28703/10**

Female 3 circuit  
housing only

**28714/10**

Male 4 circuit  
housing only

**28711**

Male 1 circuit  
connector kit

**28712**

Male 2 circuit  
connector kit

**28713**

Male 3 circuit  
connector kit

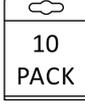

**28704**

Female 4 circuit  
connector kit

**28711/10**

Male 1 circuit  
housing only

**28712/10**

Male 2 circuit  
housing only

**28713/10**

Male 3 circuit  
housing only

**28704/10**

Female 4 circuit  
housing only

**28799**  
Stock box assortment.  
436pcs. See the end  
of this section for  
more details.

**28797**  
Rubber boot suit  
2,3 & 4 circuit housings

**28798**  
Rubber boot suit  
5 & 6 circuit housings

**28790**  
Female terminal.  
Suit 3mm auto cable.

**28791**  
Male terminal.  
Suit 3mm auto cable.

**28795**  
Wire seal.  
Suit 3mm auto cable.

**28796**  
Cavity plug.

**16207**  
Ratchet crimper suit  
Superseal terminals and  
seals in one step.
